**Note:** You will find that there are **absolutely no domains remaining** to register which feature many of the top celebrities. A domain featured on this page – [www.Stars.Report](http://www.Stars.Report) - which was originally designated as a sports-related name, would serve perfectly (using a menu of celebrity-named sub-domains) as a Top-Ranked Celebrity Site, as follows:

[www.MichaelJackson.Stars.report](http://www.MichaelJackson.Stars.report) or [www.Hollywood.Stars.report](http://www.Hollywood.Stars.report)  
[www.Cinema.Stars.report](http://www.Cinema.Stars.report) or [www.MyFave.Stars.report](http://www.MyFave.Stars.report) (or many more...)

When one considers the great variety of titles this domain could be adapted to, it is a real BARGAIN!
