

## **One Only in the World – The Ultimate Sports Team Collectible**

If you are proud of your team and want to show your support in a very public fashion- **ONE BUYER ONLY** can **own the team's unclaimed email web domain**. The following schools and professional sports franchises failed to exercise their rights to these unique domains within the limited time allowed, and **now ONE BUYER ONLY can own these internet properties forever!**

You can assign email addresses like [bob@notredame.email](mailto:bob@notredame.email) and host them for your own family and friends, for your business and its clients or to anyone else you wish.

All of these domains are registered now at GoDaddy, and **GoDaddy will professionally handle the transaction** that will allow you to set up your own internet post office quickly and easily.

Note: All of these organizations have their names and logos trademarked and copyrighted, so if you plan to use your new domain for any other purpose than email services, you should check the Trademark Registry to see if your use conflicts with posted trademark or copyright claims.

**Act quickly, for there will never be another chance!** There will forever be only one such domain anywhere in the world. Grab it while you can!
